- Automated classification: Not Scam.
- Domain age: more than 10 years (registration continuity).
- Public web-archive history exists since 2006.
- No flags from the reputation services TrustSniffer consulted at assessment time.

Full analysis

Overview

AEON Credit Service's website is the corporate homepage of a financial-services group presenting company information, credit and insurance-related businesses, Islamic digital banking, sustainability initiatives, investor relations, governance, newsroom content, careers, and contact navigation.

Scam/Impersonation Risk

No contradictions were observed. The homepage presents a coherent corporate identity, provides governance, investor-relations, newsroom, careers, and contact pathways, and does not display phishing indicators, deceptive investment promotions, fabricated performance claims, or suspicious financial solicitation. External reputation checks likewise found no malicious or suspicious detections, blacklist findings, or abuse reports.

- The homepage identifies AEON Credit Service and links to corporate profile, leadership, governance, investor relations, newsroom, careers, and contact content.
- Domain registration records show registration in 2013, approximately 13.02 years ago.
- Web archives contain 131 snapshots spanning 2006–2026, covering 21 tracked years.

Regulatory Verification Notes

The site's corporate and investor-facing structure supports an established financial-services identity, with business descriptions covering credit services, insurance brokerage, and Islamic digital banking. The supplied page evidence does not establish a specific license number or regulator confirmation; this is a limited disclosure point for regulatory verification, not evidence of deception. The published organization is consistent with the organization named in the site's validated certificate, and the available third-party broker context contains no matching warning.

- Registration records list Webplus Digital Sdn Bhd. as registrar and AEON Credit Service (M) Bhd as the organization.
- Hosted on AS20940 (AKAMAI-ASN1 – Akamai International B.V., NL).
- TLS certificate issued by DigiCert Global G3 TLS ECC SHA384 2020 CA1, with OV validation, for AEON CREDIT SERVICE (M) BERHAD, valid to 2027-01-13.
- The homepage provides dedicated corporate governance, investor-relations, credit-ratings, and IR-contact sections.

What to Verify Next

Before relying on any regulated product or service, the institution should confirm the applicable authorization through the relevant official registry and match the service terms to the intended jurisdiction. Contact details should be validated through an independently obtained corporate channel, and transaction or account activity should remain subject to normal organizational approval controls.

- The Products & Services and Financial Services pages define the relevant business scope.
- The Investor Relations and Credit Ratings pages provide corporate verification material.
- The Contact Us and IR Contact pages provide channels suitable for independent cross-checking.

Summary Verdict

The website presents as a legitimate, established, and trustworthy corporate financial-services entity with no observed scam or impersonation contradictions. Normal interaction, including account login and standard site use, is appropriate.

Infrastructure Integrity

The site is protected by Akamai CDN/WAF infrastructure, and all observed addresses resolved to CDN edge servers; no origin candidate was identified in the analysis. This provides a meaningful protective layer against direct exposure, while remaining a mitigating infrastructure signal rather than independent proof of legitimacy.

Closing Assessment

Standard use may proceed through the site's established corporate and account channels, with ordinary regulatory and transaction controls applied for material financial activity.

Written analysis generated 2026-08-03 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	UNVERIFIED
Identity score	30/100
Identity verification confidence	25%

- No on-site identity signals detected

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of aeoncredit.com.my.

- The request stayed on aeoncredit.com.my. It was not redirected to another domain. CLEAR

About this assessment

A trust score summarises the evidence TrustSniffer could collect about aeoncredit.com.my at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
