The page as captured

<https://aludagoglichidze.ge/>

What aludagoglichidze.ge served when TrustSniffer captured it on 2026-08-20. The page may look different now.

Key findings

- Automated classification: Not Scam.
- Domain age: more than 10 years (registration continuity).
- Public web-archive history exists since 2021.
- VirusTotal and Google Safe Browsing had no flags for this domain; its hosting IP carries AbuseIPDB reports below the confidence level TrustSniffer treats as a flag.

Full analysis

Overview

The website is a Georgian-language personal, professional, and campaign portfolio for Aluda Goglichidze, presenting biographical, educational, academic, social, event, and policy-related information alongside calls for volunteer participation and donations. Its apparent purpose is to support public engagement and campaign activity rather than provide commercial products or regulated financial services.

Scam/Impersonation Risk

No contradictions were observed. The supplied pages present a coherent personal and campaign identity, with no detected impersonation, phishing, hidden forms, login mechanisms, or payment forms. A low-confidence abuse report is associated with the shared hosting infrastructure rather than specifically attributed to the website, so it does not establish site-level abuse. The available historical record also shows no indication of suspicious repurposing or semantic change.

EVIDENCE

- The homepage is classified as a personal, professional, and campaign portfolio and contains biography, education, career, events, projects, and public-activity material.
- The observed page behavior showed no login form, hidden sensitive form, password submission, wallet interaction, clipboard manipulation, or cloaking.
- The hosting-IP record contains 1 abuse report for 195.54.178.44, attributed to shared Data Center/Web Hosting/Transit infrastructure with confidence score 3.
- The domain was registered on 2016-01-20 and is 10.59 years old; the historical record spans 2021-11-25 to 2025-03-06, covering 5 years.

Regulatory Verification Notes

The site's apparent model is a personal and political portfolio that solicits volunteer support and donations, not a platform advertising regulated financial services. The supplied pages do not present a licensing claim or registration number; this is a transparency item for the contribution and campaign context, not evidence of deception. The biography identifies Aluda Goglichidze and describes academic, educational, and civic activities, while links to Facebook, LinkedIn, YouTube, and Instagram provide supporting public-channel context. Available technical and reputation signals are consistent with an established site, although the real-world operator identity remains likely rather than independently verified. Registration is through proservice ltd, and the site uses valid DV transport encryption issued by YR1.

EVIDENCE

- The homepage and biography sections identify Aluda Goglichidze and describe professional, academic, educational, and civic activities.
- The site links to facebook.com, linkedin.com, youtube.com, and instagram.com.
- Domain registration lists proservice ltd as registrar, with creation date 2016-01-20 and expiration date 2027-01-21.
- The site is hosted on AS47810 (Proservice - Proservice LLC, GE); its TLS certificate is issued by YR1, uses DV validation, and is valid to 2026-09-30.

What to Verify Next

Before a donation or other sensitive interaction, an independent check should confirm that the named individual and campaign activity correspond to the intended real-world person. Contribution instructions should be assessed for the named recipient, applicable payment protections, refund or cancellation terms, and any required campaign disclosures. Contact details and social accounts should be cross-checked through an independently obtained channel rather than relying solely on links presented by the site.

EVIDENCE

- The homepage contains volunteer and donation calls but no visible payment form in the supplied content.
- The site provides biography, event, project, and public-activity sections that can be compared with independently sourced public information.
- The supplied pages include contact and social-channel references suitable for independent cross-checking.

Summary Verdict

Available evidence is consistent with an established, apparently legitimate personal and campaign website with a low site-level risk posture. The absence of contradictory signals supports normal informational use, while the operator connection should remain treated as likely rather than proven for sensitive engagements.

Infrastructure Integrity

The site resolves directly to a single likely origin hosted by Proservice - Proservice LLC in Georgia, with no CDN or WAF identified. This is a neutral infrastructure posture rather than a protective legitimacy signal; the site nevertheless presents stable transport encryption and an identifiable hosting environment.

EVIDENCE

- DNS resolution identified 1 unique IP, with 0 edge IPs and 1 likely origin IP.
- The hosting network is AS47810, registered through RIPE NCC, in Georgia.
- The observed origin address is 195.54.178.44.

Closing Assessment

Ordinary browsing and public-information review are proportionate to the assessed posture. For donations, credentials, or other sensitive actions, standard independent identity, payment-protection, and recipient checks should be completed first.

Written analysis generated 2026-08-20 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Signals weighed against the site

- AbuseIPDB: 1 report on hosting IP 195.54.178.44 (Proservice LLC, Data Center/Web Hosting/Transit), 3% confidence. The reports are attributed to shared infrastructure, not specifically to this website.

Identity verification

Status	LIKELY
Identity score	80/100
Identity verification confidence	80%

- Trusted social count=4

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of aludagoglichidze.ge.

- The request stayed on aludagoglichidze.ge. It was not redirected to another domain. CLEAR
- Registration is published under proservice ltd. CLEAR
- DNS for this domain is served by proservice.ge, across 2 name servers. NOTED
- The registration is paid up to 2027-01-21. NOTED
- The earliest public archive of this site is from 2021-11-25. CLEAR
- It is hosted on Proservice, from a server in GE. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about aludagoglichidze.ge at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
