

Is amgautos.fr legit? TrustSniffer's high-trust assessment: 75/100

amgautos.fr

Verdict

75

OUT OF 100

HIGH TRUST

amgautos.fr appears legitimate.

Our checks found nothing pointing to fraud. Ordinary care still applies when you pay or sign in.

Not Scam

Low Risk

Assessed 2026-08-21 by automated analysis. Classification confidence 50%.

What this site appears to be

AMG AUTOS is a local garage in Saint Pierre de Chandieu offering gearbox refurbishment, axle renovation, general mechanical services, vehicle cleaning and used car sales. The site contains service descriptions, contact details (address and phone), opening hours, testimonials, an inquiry form for vehicle trade-in requests, and a small blog/news section.

Evidence status and limitations

- Evidence completeness: UNKNOWN
- The real-world operator identity was not independently verified.
 - Module-level completeness metadata is unavailable for this legacy report.

Key findings

- Automated classification: Not Scam.
- Domain age: less than 1 year (registration continuity).
- Public web-archive history exists since 2013.
- No flags from the reputation services TrustSniffer consulted at assessment time.

Full analysis

Overview

AMG AUTOS is a local automotive-service website for a garage in Saint-Pierre-de-Chandieu, France, presenting gearbox refurbishment, axle renovation, general mechanical work, vehicle cleaning, used-vehicle sales, trade-in requests, opening hours, contact details, testimonials, and automotive news.

Scam/Impersonation Risk

No contradictions were observed. The site presents a coherent local-business model rather than a credential-harvesting or impersonation operation: it describes specific automotive services, publishes a physical address and telephone contact, and uses a vehicle trade-in inquiry form without a login or password-collection mechanism. Observed browsing behavior was stable and did not show hidden forms, wallet-connect activity, suspicious scripts, cloaking, or external posting activity. Available external reputation checks returned no malicious or suspicious detections, and no brand-impersonation indicators were identified.

EVIDENCE

- The homepage identifies AMG AUTOS as a garage offering gearbox refurbishment, axle renovation, mechanical services, vehicle cleaning, and vehicle sales.
- The homepage publishes the garage location at 144 route d'Heyrieux, 69780 Saint-Pierre-de-Chandieu, together with opening hours and telephone contact.
- The trade-in/contact form requests a name, telephone number, email address, and message, with no password or account-login fields.
- Archive provenance records 53 snapshots, with the first seen on 2013-05-10 and the latest on 2026-01-21, spanning 14 years; separate registry telemetry records creation on 2026-06-06 and an age of 0.21 years.

Regulatory Verification Notes

The website's apparent identity is consistent with a local automotive business, but the real-world operator is not independently verified by the available evidence. The site provides practical business information, including its location, opening schedule, service descriptions, testimonials, and contact route; however, no licensing or registration number is presented in the supplied page content. For this type of commercial service, that is a verification and disclosure point rather than evidence of impersonation or fraud. A contextual broker-data check produced no match, but that signal is not a legal, licensing, or regulatory determination.

EVIDENCE

- The homepage describes AMG AUTOS as operating in Saint-Pierre-de-Chandieu and states that vehicle sales have been offered since 2001.
- The site's transport encryption is a valid DV certificate issued by WE1, valid to 2026-11-07T07:29:49+00:00.
- The domain is registered through OVH.
- The site is served through AS13335, operated by Cloudflare, Inc. in the United States.

What to Verify Next

Before a credential or payment interaction, an interested party should independently confirm the garage's legal trading identity and, where relevant to the proposed repair or vehicle transaction, check applicable business or consumer-protection registrations with the appropriate French authority. Repair scope, vehicle condition, pricing, warranty, cancellation, return, and payment-protection terms should be confirmed through independently obtained contact details and retained in written form. Any payment should use a method offering appropriate transaction protection, and the official contact channels should be confirmed through an independent route.

EVIDENCE

- The homepage provides a physical location and stated opening hours that can be checked independently.
- The trade-in form is designed for lead collection and requests vehicle-related follow-up information rather than account credentials.
- The site includes testimonials, frequently asked questions, and a small news section that can be compared with independently obtained business information.

Summary Verdict

The overall posture is high trust and low risk, with the available evidence consistent with an established, apparently legitimate local-business website. The operator's real-world identity remains unverified, so the trust classification should not be treated as proof of legal ownership or corporate identity.

Infrastructure Integrity

Cloudflare CDN/WAF protection provides a mitigating layer against routine network exposure and supports stable delivery, although protective hosting infrastructure alone does not establish business legitimacy. All observed addresses were Cloudflare edge infrastructure; an origin address was not identified in the supplied infrastructure record.

EVIDENCE

- Hosted on AS13335 (Cloudflare); observed IPv4 edge address: 104.21.50.70.
- Additional Cloudflare edge addresses observed: 172.67.158.118, 2606:4700:3030::6815:3246, and 2606:4700:3036::ac43:9e76.
- Infrastructure resolution status was resolved, with 4 unique addresses and 4 identified CDN edge addresses.

Closing Assessment

Normal browsing and ordinary service inquiries are proportionate to the assessed posture, while independent merchant-identity, transaction-term, and payment-protection checks should precede credential submission or payment.

Written analysis generated 2026-08-21 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	UNVERIFIED
Identity score	30/100
Identity verification confidence	50%

- No on-site identity signals detected

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of amgautos.fr.

- The request stayed on amgautos.fr. It was not redirected to another domain. CLEAR
- Registration is published under OVH. CLEAR
- DNS for this domain is served by cloudflare.com, across 2 name servers. NOTED
- The registration is paid up to 2028-06-06. CLEAR
- The earliest public archive of this site is from 2013-05-10. CLEAR
- It is hosted on CLOUDFLARENET, from a server in US. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about amgautos.fr at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
