What claraperclara.it served when TrustSniffer captured it on 2026-08-21. The page may look different now.

Key findings

- Automated classification: Sensitive Interaction Risk.
- Domain age: more than 10 years (registration continuity).
- Public web-archive history exists since 2015.
- At least one reputation service TrustSniffer consulted had flagged this domain at assessment time.

Full analysis

Security Alert

Fortinet, Sophos flagged this site in external intelligence checks, indicating elevated compromise/scam exposure that requires immediate caution.

Clara Per Clara is an Italian local-service website for a beauty salon in Brescia, presenting hair, aesthetics, bridal services, events, courses, contact details, and privacy and cookie information for prospective in-person customers.

Scam/Impersonation Risk

The site presents as an ordinary local salon and its pages contain no observed login form, sensitive data-collection form, cryptocurrency functionality, or overtly deceptive content. However, this benign presentation is materially outweighed by confirmed external threat detections: the domain is reported as malicious by multiple security systems and appears on external blacklists. No identity contradiction, brand-impersonation indicator, or phishing mechanism was identified in the page content itself, but the blacklist and malicious-detection evidence create a direct security concern that is not resolved by the site's apparent business model. Sensitive interaction should therefore be treated as unsafe pending independent remediation and validation.

EVIDENCE

- The homepage identifies the service as “Clara Per Clara,” a Brescia beauty salon offering salon, bridal, aesthetics, and events or courses content.
- External reputation analysis recorded 12 malicious detections and a confirmed blacklist status; Google Safe Browsing was not recorded as malicious.
- The homepage contained no login form, hidden form, sensitive form, wallet connection, or cryptocurrency-related behavior.

Regulatory Verification Notes

The site's footer presents the legal name “CLARA LOMBARDI & C. S.A.S.” together with an Italian VAT number, a Brescia address, and a telephone number, while the site also provides privacy and cookie policy pages. These are useful on-page identity disclosures, but the operator's real-world identity remains unverified by the available evidence. No regulatory licence or licence number is claimed on the site; for a local salon this may not be expected in the same way as for a financial service, but the absence remains a verification point if the proposed engagement involves regulated services, advance payments, or courses. The available third-party broker-reputation context produced no match and does not establish licensing or regulatory standing.

EVIDENCE

- The site footer states “Clara Lombardi & C. s.a.s.,” Via Dante, 13, 25122 Brescia, Italy, telephone +39 030 3757948, and VAT number IT01379120171.
- Domain registration: 2012-03-02T14:44:55Z; age 14.48 years; expiry 2027-04-19T00:00:00Z; registrar Netsons S.r.l.
- TLS certificate: issuer YR2, validation level DV, valid to 2026-10-01T14:37:21+00:00.
- The site's authority indicators are low, while its page content has no structured data and no meta description.

What to Verify Next

Before any sensitive interaction, an institution should independently confirm that the salon, legal entity, address, VAT number, and telephone number correspond to the intended business through an authoritative Italian business registry or an offline contact route. Any booking, course enrolment, or payment arrangement should be confirmed directly with the business using contact details obtained independently rather than relying solely on the website. Security teams should also require the domain's blacklist status to be resolved and re-evaluated before permitting credential, payment, or other sensitive traffic.

EVIDENCE

- The contact and legal details are presented in the site's footer and should be matched against an independent business record.
- The site provides separate privacy and cookie policy pages but no dedicated licensing or registration disclosure.
- The homepage is informational and does not itself expose a sensitive submission form, so any later request for credentials or payment details would represent a separate interaction requiring validation.

Summary Verdict

The overall posture is **critical risk for sensitive interaction**. Although the website's visible content is consistent with a small local salon, confirmed malicious detections and blacklist status prevent the available evidence from supporting trust for credentials, payments, or other sensitive activity. The operator's identity is also not independently verified.

Infrastructure Integrity

The site resolves directly to a single likely origin address rather than a protected CDN or WAF edge. Its hosting is provided by ASSUPERNOVA - Netsons s.r.l. in Italy; this hosting arrangement is a technical fact, not evidence of legitimacy, and offers no identified edge-layer mitigation against the external reputation concerns.

EVIDENCE

- Hosted on AS60087, ASSUPERNOVA - Netsons s.r.l., Italy.
- Infrastructure resolution identified 1 unique IP, 0 edge IPs, and 1 likely origin IP: 89.40.173.245.
- No CDN was detected.

Closing Assessment

The appropriate institutional posture is to limit activity to non-sensitive viewing until the external detections are independently explained and cleared; credentials, payment information, and other sensitive data should not be submitted in the interim.

Written analysis generated 2026-08-21 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

2 findings contributed to this verdict, raised by registration and ownership, analysis engine, external reputation.

01 Governance Risk

- The public registration record for this domain is incomplete.
Registration and ownership rule:KF_WHOIS_INCOMPLETE

02 Sensitive Interaction Risk

- The analysis matched a pattern TrustSniffer treats as a direct threat to a visitor.
Analysis engine signal:direct_threat
- An external threat feed lists this domain: either Google Safe Browsing marked it malicious, or a significant number of malware engines flagged it.
External reputation rule:EXT_BLACKLIST_CRITICAL

Identity verification

Status	UNVERIFIED
Identity score	30/100
Identity verification confidence	50%

- No on-site identity signals detected

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of claraperclara.it.

- The request stayed on claraperclara.it. It was not redirected to another domain. CLEAR
- Registration is published under Netsons S.r.l.. CLEAR
- DNS for this domain is served by netsons.net. NOTED
- The registration is paid up to 2027-04-19. NOTED
- The earliest public archive of this site is from 2015-06-26. CLEAR
- It is hosted on ASSUPERNOVA, from a server in IT. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about claraperclara.it at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
