Key findings

- Automated classification: Not Scam.
- No flags from the reputation services TrustSniffer consulted at assessment time.
- The operator behind the site could not be independently connected to a real-world brand or person.

Full analysis

Overview

ClipTV is the official closure notice for MobiFone's former internet television and video-streaming service, presenting the service's end-of-operation announcement alongside corporate, regulatory, legal, and customer-contact information.

Scam/Impersonation Risk

No contradictions were observed. The homepage presents a coherent MobiFone-operated service-closure notice, with no detected phishing, impersonation, malicious content, hidden forms, or deceptive interaction behavior. The published contact channel uses the site's own domain and does not present a contact-channel integrity anomaly.

- The homepage identifies ClipTV as operated by MobiFone and states that the service has ended.
- The homepage contains no login form, sensitive form, hidden form, or untrusted submission destination.
- External reputation checks found zero malicious and zero suspicious detections, with no blacklist or phishing indication.

Regulatory Verification Notes

The site provides unusually substantive legal and regulatory disclosures for a closure page. It identifies MobiFone as the responsible organization, gives a Vietnamese business-registration number, cites broadcasting and network-content certificates, and names the responsible content officer. These disclosures support an established corporate identity; any current regulatory status should be treated as a matter for registry confirmation rather than as evidence of misconduct.

- The homepage identifies "Tổng công ty Viễn thông MobiFone" as the responsible organization and provides its Hanoi address.
- The homepage cites business registration 0100686209-087 and broadcasting-service licence 273/GP-BTTTT.
- The homepage cites network-content certificate 4280/GCN-SKHCN, valid through 25 March 2030.
- Hosted on AS45899 (VNPT-AS-VN – VNPT Corp, Vietnam); TLS certificate issued by GlobalSign RSA OV SSL CA 2018 for MOBIFONE CORPORATION, valid to 23 August 2026.

What to Verify Next

For any residual customer, contractual, billing, or support matter, independently confirm the applicable closure instructions through an official MobiFone channel and retain the relevant notice or correspondence. Any future service claiming to replace ClipTV should be checked against independently sourced MobiFone information before engagement.

- The homepage labels the service status as an official closure announcement.

- The page provides customer-support, terms, policy, complaint-process, and quality-information links.

Summary Verdict

ClipTV presents as a legitimate, established corporate website with a clear institutional identity and no observed scam, phishing, or impersonation indicators. Its overall trust posture is high, and ordinary interaction with the site is appropriate.

Infrastructure Integrity

The site is protected by Cloudflare CDN/WAF infrastructure, while the observed edge address is associated with AS45899 and VNPT Corp. This protective architecture mitigates direct exposure of the underlying service infrastructure but is treated as a supporting control rather than proof of legitimacy.

Closing Assessment

Standard browsing and routine account-related interaction are appropriate; any unresolved service matter should follow the official closure process and independently confirmed support guidance.

Written analysis generated 2026-08-02 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	UNVERIFIED
Identity score	30/100
Identity verification confidence	50%

- No on-site identity signals detected

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of cliptv.vn.

- The request stayed on cliptv.vn. It was not redirected to another domain. CLEAR
- It is hosted on VNPT-AS-VN, from a server in VN. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about cliptv.vn at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
