Key findings

- Automated classification: Not Scam.
- Domain age: more than 10 years (registration continuity).
- Public web-archive history exists since 2009.
- No flags from the reputation services TrustSniffer consulted at assessment time.

Full analysis

Overview

EasyPay is a Ukrainian online payment platform presenting bill payments, card transfers, mobile top-ups, tickets, insurance, charity, credit-related services, and payment-processing solutions for businesses, with transaction fees as its apparent business model.

Scam/Impersonation Risk

No contradictions were observed. The homepage presents coherent payment functionality, including card-to-card transfers and utility-payment services, without phishing, impersonation, deceptive financial-return claims, or malicious behavioral indicators. The combination of sustained historical presence, clean external reputation, and consistent service presentation supports the conclusion that EasyPay is a legitimate established service.

- The domain was registered on 2008-10-24 and is approximately 17.78 years old.
- Web archives contain 3,348 snapshots spanning 2009–2023, with 15 years tracked.
- External reputation checks recorded zero malicious and zero suspicious detections, with no blacklist or phishing finding.

Regulatory Verification Notes

The homepage identifies the EasyPay group companies as ТОВ «Українська платіжна система», ТОВ «ФК «Контрактовий дім» and ТОВ «ІЗІ СОФТ», and references a public contract. The supplied content does not present a license claim or license number; this is a verification item for regulated activity, not evidence of fraud or an identity contradiction. The site's established page authority and strong traffic footprint provide additional legitimacy context, while the broker-reputation dataset contained no matching adverse record.

- The homepage footer names the three EasyPay group companies and links payment, support, business, and public-contract functions.
- The site is served from AS13335, Cloudflare, Inc.; the hosting country is recorded as the United States.
- TLS is issued by YE2 using DV validation and is valid through 2026-09-04.
- The domain is recorded at traffic rank 77550 and within the top 1 million globally.

What to Verify Next

For any activity requiring regulated financial intermediation, the applicable Ukrainian registry should be checked against the legal entity named in the site's public-contract materials. Organizational procurement should also confirm the official support and contact channels through an independently sourced route.

- The homepage provides public-contract references and identifies the operating group companies.
- The site offers consumer payment and business payment-processing functions.
- The supplied analysis records no license claim or license number for independent registry matching.

Summary Verdict

EasyPay presents as a legitimate, established, and trustworthy online payment service. The evidence converges on a high-confidence established identity, consistent business purpose, clean reputation, and stable operation; normal interaction, including account login and standard use, is appropriate.

Infrastructure Integrity

The website is protected by Cloudflare CDN/WAF infrastructure, with observed traffic terminating on Cloudflare edge servers under AS13335; the origin server address was not observable in this analysis. This materially reduces direct origin exposure and is a mitigating infrastructure characteristic, not independent proof of legitimacy.

Closing Assessment

Normal account use and standard payment activity are appropriate, subject to the organization's ordinary transaction controls and applicable regulatory procedures.

Written analysis generated 2026-08-02 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	UNVERIFIED
Identity score	30/100
Identity verification confidence	50%

- No on-site identity signals detected

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of easypay.ua.

- The request stayed on easypay.ua. It was not redirected to another domain. CLEAR
- Registration is published under TOB "Інтернет Інвест". CLEAR
- DNS for this domain is served by cloudflare.com, across 2 name servers. NOTED
- The registration is paid up to 2026-10-24. NOTED
- The earliest public archive of this site is from 2009-03-22. CLEAR
- It is hosted on CLOUDFLARENET, from a server in US. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about easypay.ua at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
