Full analysis

Overview

Finmarket.ru is a Russian-language financial news and market-information portal covering economic developments, currencies, equities, bonds, insurance, commodities, and business policy. It presents editorial reporting, market data, analysis, and newsletter engagement for informational purposes rather than soliciting deposits or promising investment returns.

Scam/Impersonation Risk

No contradictions were observed. The site's editorial content, consistent historical presence, identified publisher, and clean external reputation support an established financial-news identity, with no evidence of phishing, impersonation, malicious content, or deceptive investment solicitation.

- The domain was registered in 1997 and is approximately 29 years old.
- Historical records contain 3,775 snapshots from 1997-03-27 through 2026-07-29, covering 30 tracked years.
- External reputation checks recorded zero malicious detections, zero suspicious detections, and no blacklist hit.
- The homepage is classified as a financial-news portal; behavioral inspection found no login form, hidden sensitive form, wallet connection, or clipboard-hijacking activity.

Regulatory Verification Notes

The site presents itself as an editorial information service and identifies its publisher, editor, registration certificate, physical address, telephone number, and contact details. No financial-services license or license number is presented in the supplied content; this is a transparency item for regulatory due diligence, not evidence of fraud or an identity contradiction. No matching third-party broker-reputation record was identified.

- The company/contact information presented on the site identifies the publisher, editor, registration certificate, address, telephone, and email contact.
- The homepage provides financial news and market data, including currencies, equities, bonds, and economic indicators.
- The site is served from AS51309, Interfax - Joint Stock Company Interfax, RU.
- TLS uses GlobalSign RSA OV SSL CA 2018 with OV validation for INTERFAX AO, valid through 2026-10-30.

What to Verify Next

For regulated procurement or institutional use, confirm the applicable media, corporate, or financial-services registration requirements with the relevant official registry. Independently validate the published organizational and contact details through an authoritative corporate source or offline channel before establishing a formal relationship.

- The homepage contains one newsletter-email form and no sensitive transaction form.
- Behavioral inspection completed two successful runs with no cloaking, hidden forms, password-exfiltration forms, or wallet-provider detection.

Summary Verdict

Finmarket.ru presents an established, legitimate, high-trust posture. The available evidence converges on a genuine financial-news organization suitable for normal interaction and standard use.

Infrastructure Integrity

The site resolves directly to two likely origin IP addresses and has no detected CDN or WAF layer; this is an exposure characteristic rather than an indication of abuse. The hosting identity is consistent with Interfax’s identified organization.

Closing Assessment

Normal browsing, account login where applicable, and standard site interaction are appropriate; formal institutional engagements should follow ordinary organizational due diligence.

About this assessment

A trust score summarises the evidence TrustSniffer could collect about finmarket.ru at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
