Key findings

- Automated classification: Not Scam.
- Domain age: 1 to 3 years (registration continuity).
- Public web-archive history exists since 2010.
- No flags from the reputation services TrustSniffer consulted at assessment time.

Full analysis

Overview

GSTV is a Japanese jewelry and gemstone shopping website that presents ecommerce products, television shopping programs, showrooms, events, customer guidance, and jewelry education, with revenue generated through product sales and related customer programs.

Scam/Impersonation Risk

No contradictions, phishing indicators, confirmed blacklist findings, or impersonation signals were observed. The homepage presents a coherent retail identity through detailed jewelry categories, television programming, showroom listings, events, customer support, and legal-policy content; its products and commercial purpose are consistent across these features. The site's established historical continuity and clean external reputation further support legitimate operation.

- The homepage identifies GSTV as a jewelry-specialist channel and displays gemstone products, pricing, ordering functions, broadcasts, showrooms, and events.
- Historical records show 373 snapshots across 17 tracked years, from 2010-09-18 through 2026-07-22.
- External reputation checks recorded 0 malicious and 0 suspicious detections, with the domain within the global top one million.

Regulatory Verification Notes

The site operates as a jewelry retailer and television-shopping business rather than presenting a financial or investment service. Its pages provide customer guidance, showroom information, contact functions, product information, and legal policies. No financial-services license or registration number is presented; this is a limited disclosure point relevant to regulatory scoping, not evidence of deception. The available third-party broker context contains no match.

- The homepage provides customer guidance, contact access, store listings, events, and legal-policy navigation.
- Domain history records the site as approximately 15.8713 years old, with activity beginning in 2010.
- Hosted on AS8075 (Microsoft Corporation, US).
- TLS certificate issued by GeoTrust EV RSA CA G2 for GSTV Co., Ltd., with EV validation, valid to 2026-11-14.

What to Verify Next

Before a material purchase, the prospective customer should confirm the applicable seller, returns, payment, delivery, and consumer-protection terms on the site's legal and customer-guidance pages. For institutional onboarding, the contracting entity and any applicable retail-business requirements should be matched against authoritative corporate or consumer-protection records.

- The homepage links to customer guidance, contact services, store locations, and legal policies.
- The site identifies multiple physical showroom locations and scheduled events.
- Product pages provide named jewelry items, gemstone specifications, prices, and ordering functionality.

Summary Verdict

GSTV presents as a legitimate, established, high-trust ecommerce and television-shopping business. The convergence of coherent commercial content, long-running historical presence, clean reputation signals, and validated transport security supports normal interaction, including account login and standard use.

Infrastructure Integrity

The site is protected by CDN/WAF infrastructure, with the observed edge address associated with AS8075 and Microsoft Corporation; the origin server was not observable in this analysis. This configuration is a mitigating security-control signal, but does not independently establish legitimacy.

Closing Assessment

Normal browsing, account use, and standard purchasing activity are appropriate, subject to the ordinary review of product, payment, delivery, and return terms expected for a jewelry retailer.

Written analysis generated 2026-08-02 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	LIKELY
Identity score	79/100
Identity verification confidence	78%

- Trusted social count=3

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of gstv.jp.

- The request stayed on gstv.jp. It was not redirected to another domain. CLEAR
- DNS for this domain is served by dnsv.jp, across 4 name servers. NOTED
- The registration is paid up to 2027-07-31. NOTED
- The earliest public archive of this site is from 2010-09-18. CLEAR
- It is hosted on MICROSOFT-CORP-MSN-AS-BLOCK, from a server in US. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about gstv.jp at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
