

Is hello-aussie.com.au legit? TrustSniffer's high-trust assessment: 100/100

hello-aussie.com.au

Verdict

100

OUT OF 100

HIGH TRUST

hello-aussie.com.au appears legitimate.

Our checks found nothing pointing to fraud. Ordinary care still applies when you pay or sign in.

Not Scam

Safe for Login

Low Risk

Assessed 2026-08-20 by automated analysis. Classification confidence 50%.

What this site appears to be

Commercial site for Hello Aussie Student Services offering immigration and visa assistance handled by a registered migration agent (MARN 2217898). The site lists service types, indicative pricing, contact email, and a Melbourne office address. Primary calls-to-action are booking consultations and contacting the agent.

Evidence status and limitations

- Evidence completeness: UNKNOWN
- The real-world operator identity was not independently verified.
 - Module-level completeness metadata is unavailable for this legacy report.

The page as captured

<https://hello-aussie.com.au/>

What hello-aussie.com.au served when TrustSniffer captured it on 2026-08-20. The page may look different now.

Key findings

- Automated classification: Not Scam.
- Domain age: more than 10 years (registration continuity).
- Public web-archive history exists since 2009.
- VirusTotal and Google Safe Browsing had no flags for this domain; its hosting IP carries AbuseIPDB reports below the confidence level TrustSniffer treats as a flag.

Full analysis

Overview

Hello Aussie Student Services is an Australian immigration and visa advisory website offering paid consultations and application assistance through a Registered Migration Agent. It presents visa-related services, consultation booking, client-contact facilities, and an apparent business model based on fixed service fees and professional advisory support.

Scam/Impersonation Risk

No phishing, impersonation, blacklist, or other direct contradiction was observed. The website presents a coherent professional-services model rather than a deceptive investment or credential-harvesting proposition, and its assessed content contained no fraud indicators. A separate reputation signal consists of abuse reports against a shared Render hosting IP; because the attribution is to shared provider infrastructure rather than specifically to this website, it does not establish abusive conduct by the operator. The overall evidence is

therefore consistent with an established, apparently legitimate site, while the real-world operator identity remains independently unverified.

EVIDENCE

- The homepage identifies Hello Aussie Student Services as an immigration and visa advisory service and contains no detected phishing or brand-impersonation indicators.
- The domain has a recorded age of 17.26 years, with its first recorded historical appearance on 2009-05-16.
- 135 archive snapshots span 2009–2025, covering 17 tracked years.
- Abuse reports concern shared hosting address 216.24.57.1 on Render, with the attribution explicitly identified as shared infrastructure.

Regulatory Verification Notes

The homepage states that Stefan Stinean is a Registered Migration Agent regulated by the Office of the Migration Agents Registration Authority and displays MARN 2217898. That is a substantive on-site regulatory claim, but independent verification of the claimed registration and the connection between the named agent, the business, and the registered legal entity was not established in the supplied evidence. Registration data names HELLO AUSSIE STUDENT SERVICES PTY. LTD. and lists Web Address Registration Pty Ltd as registrar; these facts support an identifiable registration record but do not, by themselves, prove operational identity or regulatory standing. The site's transport security is technically valid, although domain-validated TLS does not authenticate the business.

EVIDENCE

- Domain registration lists HELLO AUSSIE STUDENT SERVICES PTY. LTD. as owner and Web Address Registration Pty Ltd as registrar.
- The site is hosted on AS397273, operated by RENDER - Render, US.
- The TLS certificate is issued by WE1, uses DV validation, and is valid to 2026-10-18T05:18:09+00:00.
- The homepage displays the regulatory claim "MARN 2217898" and identifies OMARA as the relevant authority.

What to Verify Next

Before credential or payment interactions, independently confirm MARN 2217898 and the named agent through the applicable Australian migration-agent register. The business name, service scope, fee basis, cancellation terms, refund conditions, privacy handling, and payment-protection arrangements should also be matched against independently obtained business information. Contact details and the Melbourne office should be confirmed through an independent route rather than relying solely on the website's own booking flow.

EVIDENCE

- The homepage provides a consultation-booking request and contact form as the principal interaction methods.
- The services material presents indicative fees for immigration assistance, creating a basis for checking the exact engagement terms before payment.
- The site supplies a Melbourne office address, which can be independently confirmed as part of merchant-identity checking.
- A client-portal function is presented, so its official access path should be confirmed before account use.

Summary Verdict

The website has a high-trust, low-risk posture and the available evidence is consistent with an established, apparently legitimate professional-services operation. No scam or impersonation contradiction was observed, but the operator's real-world identity and the site's regulatory claim should remain treated as unverified rather than proven.

Infrastructure Integrity

The site resolves to a single Render-hosted endpoint, with no CDN edge or separate WAF layer detected. This is a conventional direct-hosting arrangement; Render's established hosting infrastructure is a mitigating technical signal, not proof of business legitimacy.

Closing Assessment

Ordinary engagement may proceed on a calibrated basis, provided independent registry, merchant-identity, contractual, and payment-protection checks are completed before credentials or funds are submitted.

Written analysis generated 2026-08-20 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Signals weighed against the site

- AbuseIPDB: 12 reports on hosting IP 216.24.57.1 (Render, Data Center/Web Hosting/Transit), 23% confidence. The reports are attributed to shared infrastructure, not specifically to this website.

Identity verification

Status	UNVERIFIED
Identity score	30/100
Identity verification confidence	50%

- No on-site identity signals detected

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of hello-aussie.com.au.

- The request stayed on hello-aussie.com.au. It was not redirected to another domain. CLEAR
- Registration is published under Web Address Registration Pty Ltd. CLEAR
- DNS for this domain is served by syrahost.com, across 2 name servers. NOTED
- The earliest public archive of this site is from 2009-05-16. CLEAR
- It is hosted on RENDER, from a server in US. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about hello-aussie.com.au at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
