Full analysis

Overview

Landau Store is an established Folkestone fashion retailer operating an online Shopify storefront for branded clothing, footwear, sportswear, and accessories, with product pricing, promotions, delivery information, and international currency selection supporting direct-to-consumer sales.

Scam/Impersonation Risk

No contradictions were observed across the storefront, technical reputation checks, and historical continuity evidence. The homepage presents a coherent retail model, named brands, standard shopping functions, and no phishing, impersonation, malicious-content, or suspicious-contact indicators. Normal interaction with the site is therefore appropriate.

- The homepage identifies the business as an independent fashion retailer in Folkestone and presents branded merchandise, prices, promotions, and delivery terms.
- Reputation checks recorded zero malicious detections, zero suspicious detections, and no confirmed blacklist result for the domain.
- The domain was registered in 2009 and is approximately 17.08 years old.
- Historical coverage contains 251 archive snapshots spanning 2009–2026, with 18 years tracked.

Regulatory Verification Notes

The site operates as a conventional fashion retailer rather than a financial or otherwise regulated service. No regulated-service license or registration number is identified in the supplied storefront evidence; this is a minor disclosure point for recordkeeping, not evidence of deception. The domain's established registration, sustained historical presence, reputable registrar, clean reputation checks, and established traffic footprint support the conclusion that the business is legitimate.

- The domain is registered through 123-Reg Limited t/a 123-reg, with creation date 2009-07-06 and expiration date 2026-07-06.
- The site is hosted on AS13335, operated by CLOUDFLARENET - Cloudflare, Inc., US.
- Its TLS certificate is issued by YE2, uses DV validation, and is valid through 2026-10-29.
- The domain appears within the global top million traffic sites, with a recorded rank of 111323.

What to Verify Next

Before a material commercial transaction, the appropriate checks are to confirm current delivery, returns, and contact details through the storefront’s published policy pages and to independently confirm that payment details match the intended merchant at checkout.

- The homepage advertises free delivery above £70, next-day delivery, and promotional discounts.
- The storefront uses Shopify standard ecommerce functionality and displays product categories, brands, pricing, and currency selection.
- The available page analysis found no sensitive external forms, hidden forms, wallet-connect activity, or phishing indicators.

Summary Verdict

Landau Store presents as a legitimate, established, and trustworthy ecommerce business with a coherent retail purpose and no observed contradiction signals. Its overall posture supports ordinary browsing, account login, purchasing, and standard account activity.

Infrastructure Integrity

The site is protected by Cloudflare CDN/WAF infrastructure, and the observed address was a CDN edge address rather than an exposed origin. This provides a meaningful protective layer against direct origin exposure, while remaining a mitigation rather than proof of legitimacy.

Closing Assessment

Normal interaction and standard transactions are appropriate, subject to ordinary consumer checks of the selected products, delivery terms, and checkout details.

About this assessment

A trust score summarises the evidence TrustSniffer could collect about landaustore.co.uk at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
