Full analysis

Overview

The website presents itself as the official online presence of Longridge Aged Care, a Naracoorte-based non-profit or community aged-care provider offering residential care, respite, rental, independent-living information, resident updates, governance information, and contact facilities for prospective residents, families, staff, and volunteers.

Scam/Impersonation Risk

The site content is coherent with an aged-care organisation and the reviewed pages showed no login form, payment flow, hidden sensitive form, wallet functionality, or explicit brand-impersonation indicators. However, this benign presentation is materially outweighed by external threat intelligence recording two malicious detections and a confirmed blacklist status. The available evidence therefore supports a clearly elevated risk for sensitive interaction, despite the absence of conflicting legal identities or an observed site-level impersonation signal.

EVIDENCE

- The homepage and navigation present aged-care services, governance, accreditation, quality and safety, careers, and contact functions without a login or payment workflow.
- External reputation checks recorded 2 malicious detections and a confirmed blacklist status.
- Domain continuity dates to 2011, with an authoritative age of 14.907597535934292 years.

Regulatory Verification Notes

The site provides pages for accreditation, quality and safety, the Aged Care Royal Commission, staff, and a board of governance, which are relevant institutional disclosures. The available material does not state a licensing authority or license number, so regulatory standing remains a verification matter rather than an established fact. Independent identity verification is also incomplete: registration data associates the domain with NARACORTE HOME FOR THE AGED INC and lists Synergy Wholesale Accreditations Pty Ltd as registrar, but that record alone does not prove that the website is currently operated by the organisation presented on the pages.

EVIDENCE

- The accreditation and quality-and-safety pages describe institutional oversight topics but do not provide a stated license number or licensing authority.
- Registration data lists NARACORTE HOME FOR THE AGED INC as the domain owner and Synergy Wholesale Accreditations Pty Ltd as registrar.
- The site is served from AS45638, SYNERGYWHOLESALE-AP — SYNERGY WHOLESALE PTY LTD, AU.
- The transport certificate is issued by YR1 at DV validation level and is valid to 2026-10-20T07:41:46+00:00.

What to Verify Next

Before any credential submission, financial transaction, donation, resident-fee payment, or exchange of sensitive personal information, the organisation's current domain and contact channels should be confirmed through an independently sourced offline route. The accreditation and governance claims should be matched against the relevant Australian aged-care or corporate registers, and any payment instructions should be validated using details obtained from that independent confirmation rather than from an unsolicited message or newly supplied instruction.

EVIDENCE

- The contact page provides a telephone number, email address, physical address, and contact form that can be compared with independently sourced organisational records.
- The accreditation and governance pages identify the specific disclosures requiring external confirmation.
- The reviewed form is classified as a contact form and was not identified as a sensitive form.

Summary Verdict

The website warrants a **low-trust posture** for sensitive interactions. Its plausible institutional presentation does not resolve the decisive external reputation contradictions, and the operator’s connection to the presented organisation remains unverified.

Infrastructure Integrity

The site resolves directly to a likely origin address, with one unique IP and no detected CDN or WAF edge layer. This provides limited infrastructure-based mitigation and should not be treated as evidence of legitimacy.

Closing Assessment

Prospective users should restrict activity to passive review until the organisation, regulatory standing, and official communication channels have been independently confirmed; credentials, payments, and sensitive personal information should not be submitted in the interim.

About this assessment

A trust score summarises the evidence TrustSniffer could collect about longridge.org.au at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
