Full analysis

Overview

Max Fashion India is an established online fashion retailer presenting women's, men's, and children's clothing, footwear, accessories, baby-care products, and home-related goods, supported by delivery, returns, physical stores, gift cards, memberships, and customer support.

Scam/Impersonation Risk

No contradictions were observed. The homepage presents a coherent retail model, including product categories, store services, shipping and returns, store-locator functionality, and account access, with no phishing, impersonation, malicious-behavior, or deceptive-content indicators. External reputation checks were clean, and the domain has a long-established registration history through Endurance International Group India Private Limited.

- Homepage: coherent ecommerce presentation for women's, men's, and children's fashion, with no red flags detected.
- Domain registration: Registered 2010-05-15 (~16.22 years old); registrar Endurance International Group India Private Limited.
- External reputation: 0 malicious and 0 suspicious detections; no blacklist or phishing hit; listed within the global top one million traffic sites.

Regulatory Verification Notes

The site operates as a conventional fashion retailer rather than presenting a regulated financial-service offering. No regulated license claim or license number is evidenced in the supplied content; this is a transparency note for ordinary corporate and consumer verification, not evidence of deception. The site's established retail presentation, clean reputation, and valid transport security support its legitimacy.

- Homepage: identifies the business model as online fashion retail with shipping, returns, physical-store integration, memberships, and gift cards.
- Hosting: Served from AS13335 (CLOUDFLARENET — Cloudflare, Inc., US).
- Transport security: TLS certificate issued by WE1, validation level DV, valid to 2026-09-28T18:51:58+00:00.

What to Verify Next

For procurement or higher-value commercial engagement, confirm the applicable corporate entity, consumer-return terms, and official support channels through the site's own store and customer-service pathways or an independent offline route.

- Homepage: provides Store Locator, Help, delivery information, and return-to-store functionality.
- Homepage: provides customer account access, online gift cards, memberships, and app-download options.
- Retail-service content: states that online purchases can be returned in-store.

Summary Verdict

The website presents as legitimate, established, and suitable for normal interaction, including account login and standard purchasing activity. The evidence supports a high-confidence trust posture with no observed scam or impersonation contradiction.

Infrastructure Integrity

Cloudflare CDN/WAF protection places the observed addresses on CDN edge infrastructure rather than exposing a directly observable origin. This reduces direct origin exposure and is a mitigating infrastructure characteristic, while remaining separate from proof of business legitimacy.

Closing Assessment

Normal browsing, account use, and standard transactions are appropriate; higher-value engagements should follow the organisation’s usual corporate and consumer due-diligence process.

About this assessment

A trust score summarises the evidence TrustSniffer could collect about maxfashion.in at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
