Full analysis

Overview

momox-shop.fr is a French second-hand ecommerce marketplace offering discounted books, films, CDs, vinyl records, video games, resale services, shipping, payment options, quality checks, and customer support for online cultural-goods commerce.

Scam/Impersonation Risk

No contradictions were observed. The homepage presents a coherent ecommerce model with identifiable products, pricing, delivery information, payment options, resale services, legal notices, and customer support. It contains no detected phishing, impersonation, or malicious-content indicators, and the site's long, continuous web presence is consistent with an established business rather than a newly created or repurposed storefront.

EVIDENCE

- The homepage identifies momox shop as a marketplace for second-hand books, DVDs, games, CDs, vinyl records, and related cultural products.
- The domain was registered in 2014 and is approximately 12.18 years old.
- The web archive records 819 snapshots spanning 2014–2026, covering 13 tracked years.

Regulatory Verification Notes

The site provides legal notices, terms, privacy information, cookie controls, and customer-support information. No financial or other regulated-service license is claimed in the supplied page evidence; this is a limited disclosure point relevant to formal compliance review, not evidence of deception. No adverse broker-context match was identified.

EVIDENCE

- The homepage links to “Mentions légales,” “CGU,” and privacy information.
- Hosted on AS13335 (Cloudflare, Inc.).
- TLS certificate issued by WE1, validation level DV, valid to 2026-10-20.
- External reputation checks recorded zero malicious and zero suspicious detections, with a global traffic rank of 104770.

What to Verify Next

For institutional onboarding, confirm the operating entity and applicable ecommerce registrations through the relevant French business and consumer-protection registries, and validate payment, returns, and resale terms against the intended transaction model. Official support channels should also be confirmed through an independent route before handling a material commercial dispute.

EVIDENCE

- The site publishes legal, contractual, privacy, shipping, payment, and customer-support information.
- The stated business model is ordinary online retail and resale of cultural goods.
- The domain is registered through InterNetX GmbH, with an expiration date of 2027-05-30.

Summary Verdict

The website presents as a legitimate, established, and trustworthy ecommerce business with a coherent operating model and no observed scam or impersonation contradictions. Normal interaction, including account login and standard transactions, is appropriate.

Infrastructure Integrity

Cloudflare CDN and WAF protection provide a mitigating layer against direct origin exposure and common web attacks. Observed addresses were CDN edge servers, while the origin server was not observable in this analysis.

Closing Assessment

Standard browsing, account use, purchasing, and resale activity may proceed normally, subject to routine commercial and compliance controls appropriate to the transaction value.

About this assessment

A trust score summarises the evidence TrustSniffer could collect about momox-shop.fr at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
