

Is mybharat.gov.in legit? TrustSniffer's high-trust assessment: 80/100

mybharat.gov.in

Verdict

80

OUT OF 100

HIGH TRUST

mybharat.gov.in appears legitimate.

Our checks found nothing pointing to fraud. Ordinary care still applies when you pay or sign in.

Not Scam

Low Risk

Assessed 2026-08-13 by automated analysis. Classification confidence 70%.

WHAT THIS SITE APPEARS TO BE

Official MY Bharat portal (Department of Youth Affairs, Government of India) offering registration, login, volunteering and experiential learning resources, with FAQs, contact helpline and links to government agencies.

Evidence status and limitations

Evidence completeness: UNKNOWN

- The real-world operator identity was not independently verified.
- Module-level completeness metadata is unavailable for this legacy report.

Key findings

- Automated classification: Not Scam.
- Domain age: 1 to 3 years (registration continuity).
- Public web-archive history exists since 2023.
- No flags from the reputation services TrustSniffer consulted at assessment time.

Full analysis

Overview

The website is the MY Bharat government youth-engagement portal, presenting registration and login services, volunteering, experiential learning, mentorship, quizzes, events, FAQs, and links to government agencies for youth participation and public-service programmes.

Scam/Impersonation Risk

No contradictions were observed: there are no confirmed blacklist, phishing, malware, brand-impersonation, or conflicting-identity indicators. The homepage presents a coherent public-service purpose, identifies the Department of Youth Affairs and Government of India, and provides same-site registration, login, password-reset, and OTP workflows without an untrusted form destination. The apparent institutional identity is supported by the site and surrounding evidence, but the real-world operator connection remains likely rather than independently proven.

EVIDENCE

- Domain registration: 2023-10-23; age 2.81 years.
- Archive history: 100 snapshots spanning 2023-10-31 to 2026-07-28, covering 4 years, with continued government/public-service content and no detected repurposing.
- The homepage's external reputation checks recorded 0 malicious and 0 suspicious detections, with no blacklist or phishing result.

Regulatory Verification Notes

The site describes a government youth-engagement service rather than a financial, investment, or other regulated commercial offering, and it does not solicit payments or investments. Its homepage provides institutional attribution, a toll-free helpline, FAQs, terms-of-use access, and links to the Digital India Corporation and Ministry of Electronics and Information Technology. No financial licence claim is made, so licensing is not material to the stated business model; the available disclosure supports apparent legitimacy, while independent operator verification is not complete. A third-party broker-context check found no match and should be treated only as supporting reputational context, not as a regulatory determination.

EVIDENCE

- WHOIS records identify National Informatics Centre as registrar and “Department of Youth Affairs” as the organization.
- The homepage displays “Powered by Government of India,” the MY Bharat support channel, helpline numbers, FAQs, and links to government agencies.
- Transport encryption uses a DV certificate issued by Amazon RSA 2048 M04, valid through 2026-10-05T23:59:59+00:00.

What to Verify Next

Before credential submission, an organization should independently confirm the domain through an official Government of India or Department of Youth Affairs channel and review the site’s terms of use and privacy information. Any unexpected request for payment, sensitive documents, or account recovery information should be validated through the published helpline or an independently obtained government contact route; ordinary payment-protection checks should apply if a payment request ever appears.

EVIDENCE

- The homepage provides the 14472 and 18002122729 helplines and links to support.mybharat.gov.in.
- The login interface supports mobile, email, username, MY Bharat ID, password, and OTP functions.
- The site provides dedicated registration, experiential-learning, volunteer, FAQ, and terms-of-use paths for independent review.

Summary Verdict

Available evidence is consistent with an established, apparently legitimate government website and supports a high-trust, low-risk posture. No scam or impersonation contradiction was identified, although the operator’s real-world identity is not independently verified to a conclusive standard.

Infrastructure Integrity

The website is protected by CDN/WAF infrastructure, with observed traffic terminating at Amazon edge infrastructure rather than exposing a direct origin in this analysis. This reduces routine origin exposure and is a mitigating security measure, but it is infrastructure protection rather than proof of institutional legitimacy.

EVIDENCE

- Served from AS16509, Amazon.com, Inc. (AMAZON-02), US.
- CDN/WAF protection was observed with 2 edge IPs and 0 likely origin-IP candidates.

Closing Assessment

Normal browsing and programme-related use are proportionate to the assessed posture, subject to the ordinary independent identity, credential, and payment-protection checks appropriate for any public online service.

Written analysis generated 2026-08-13 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	LIKELY
Identity score	80/100
Identity verification confidence	80%

- Identity verified on page
- Trusted social count=5

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of mybharat.gov.in.

- The request stayed on mybharat.gov.in. It was not redirected to another domain. CLEAR
- Registration is published under National Informatics Centre. CLEAR
- DNS for this domain is served by nic.in, across 4 name servers. NOTED
- The registration is paid up to 2026-10-23. NOTED
- The earliest public archive of this site is from 2023-10-31. CLEAR
- It is hosted on AMAZON-02, from a server in US. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about mybharat.gov.in at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
