Key findings

- Automated classification: Not Scam.
- Domain age: more than 10 years (registration continuity).
- Public web-archive history exists since 2004.
- No flags from the reputation services TrustSniffer consulted at assessment time.

Full analysis

Overview

Native Skate Store is an established Newcastle-based UK ecommerce retailer presenting skateboards, skate shoes, clothing, accessories, books, and related equipment for online purchase with optional in-store collection, supported by promotions, gift vouchers, shipping information, and skateboarding content.

Scam/Impersonation Risk

No contradictions, phishing indicators, brand-impersonation signals, or confirmed malicious reputation findings were observed. The storefront presents a coherent retail model with detailed product categories, pricing, policies, contact information, social links, and no sensitive login or payment form exposed during analysis. Normal interaction, including account login where offered and standard purchases, is appropriate.

EVIDENCE

- The homepage presents a structured ecommerce catalogue covering skateboards, footwear, clothing, accessories, protection, books, and branded products.
- The homepage and policy content describe promotions, shipping, returns-related information, gift vouchers, and in-store collection.
- The domain was registered on 2004-04-06 and is approximately 22.33 years old.
- The site has 449 archive snapshots spanning 2004–2026, with 23 years tracked.

Regulatory Verification Notes

The site presents itself as a conventional retail business rather than a financial service and provides business contact details, a physical-store context, product information, and customer policies. No financial licensing claim or registration number is presented; for this retail model, that is a limited disclosure note rather than evidence of deception. The available external reputation checks were clean, and no broker or other third-party identity match was identified.

EVIDENCE

- The contact and store-information pages identify a Newcastle-based retail operation and provide customer-facing contact details.
- The terms, shipping, returns, and policy pages support an ordinary consumer-goods retail model.
- The site is served from AS13335 (Cloudflare), operated by Cloudflare, Inc.
- TLS uses issuer YE2 with DV validation and is valid to 2026-09-12.

What to Verify Next

Before a high-value order, the prospective customer should confirm current stock, delivery terms, and return conditions using the site's published store and policy information. Payment records should retain the order confirmation and applicable consumer-rights documentation. Any business or tax details required for procurement onboarding should be confirmed through the retailer's current official documentation.

EVIDENCE

- Product pages provide item descriptions, pricing, and category context for order validation.
- Shipping and returns pages provide the relevant transaction and post-sale terms.
- The homepage offers in-store collection, enabling an additional fulfilment route where applicable.

Summary Verdict

Native Skate Store presents as a legitimate, established, high-trust ecommerce website with a consistent business identity and no observed scam or impersonation contradictions. Its overall posture supports ordinary browsing, account use, and standard transactions.

Infrastructure Integrity

Cloudflare CDN and WAF protection place the observed service behind mainstream edge infrastructure and provide a meaningful mitigating layer for availability and exposure management. The infrastructure supports, but does not independently establish, the site's legitimacy.

Closing Assessment

Standard interaction is appropriate, with normal commercial diligence applied to order value, fulfilment, and consumer-protection records.

Written analysis generated 2026-08-01 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	LIKELY
Identity score	79/100
Identity verification confidence	78%

- Trusted social count=3

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of nativeskatestore.co.uk.

- The request stayed on nativeskatestore.co.uk. It was not redirected to another domain. CLEAR

About this assessment

A trust score summarises the evidence TrustSniffer could collect about nativeskatestore.co.uk at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
