Scam/Impersonation Risk

No contradictions were observed. The storefront presents a coherent consumer-retail model, with no phishing behavior, brand impersonation, cryptocurrency activity, hidden sensitive forms, or malicious external findings. Its product categories, pricing, promotions, physical Lima address, and customer-service functions are consistent with ordinary ecommerce activity.

- The homepage identifies Runa Store as an ecommerce retailer for footwear, apparel, accessories, and perfumes.
- The homepage provides product categories, shipping information, payment methods, customer support, and returns-related content.
- External reputation checks recorded zero malicious and zero suspicious detections, with no blacklist or impersonation match.

Regulatory Verification Notes

The site appears to operate as a consumer retailer rather than a financial or otherwise regulated service. Its commercial disclosures include a physical Lima address, customer support, payment methods, shipping offers, and returns information. No licensing claim is presented, which is a minor transparency note for ordinary retail due diligence rather than an indication of illegitimacy.

- The homepage displays the retailer's product catalogue and consumer purchase functionality.
- The site's technical records identify registrar NIC.PE and owner Luis Enrique Huaman Villacorta.
- The domain age is 5.1854893908282 years, with 47 archive snapshots spanning 2021–2025 across 5 years tracked.
- The site is hosted on AS36444, NEXCESS-NET—Liquid Web, L.L.C.; its TLS certificate is issued by YR1 at DV level and valid to 2026-08-31T06:47:04+00:00.

What to Verify Next

Before a material purchase, confirm the displayed delivery, returns, exchange, and payment terms at checkout and independently confirm the retailer’s published business contact and Lima location through ordinary consumer channels.

- The homepage advertises free shipping for purchases above S/199.
- The storefront includes customer-support, returns, exchanges, and payment-method references.
- The site provides a physical Lima address for commercial contact.

Summary Verdict

The overall posture is legitimate, established, and trustworthy, with strong convergence between the site’s coherent retail presentation, historical continuity, clean reputation, and confirmed technical operation. Normal interaction, including account login and standard use, is appropriate.

Infrastructure Integrity

The site resolves to a single likely origin hosted by NEXCESS-NET—Liquid Web, L.L.C. on AS36444, with no CDN or WAF identified. This direct hosting arrangement is a mitigating infrastructure observation only and does not introduce a legitimacy concern; transport encryption is active.

Closing Assessment

Normal browsing, account use, and standard purchasing are appropriate, subject to ordinary ecommerce checks of order details and consumer payment protections.

About this assessment

A trust score summarises the evidence TrustSniffer could collect about runastore.pe at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
