- Automated classification: Not Scam.
- Domain age: 3 to 10 years (registration continuity).
- Public web-archive history exists since 2020.
- No flags from the reputation services TrustSniffer consulted at assessment time.

Full analysis

Overview

Somapay is a Brazilian corporate fintech platform presenting payroll processing, digital accounts, employee benefits, insurance, credit, ERP integration, and related financial-management services for businesses and employees.

Scam/Impersonation Risk

No contradictions were observed. The homepage presents a coherent corporate fintech identity, solicits business proposals rather than investment returns, and provides login access within the same established service context. External reputation checks found no malicious or suspicious detections, blacklist listing, or brand-impersonation indicator.

- Homepage content identifies Somapay's payroll, account, benefits, insurance, and corporate-finance services.
- The site's login and proposal functions are presented as part of a corporate marketing platform, with no hidden forms or wallet-drainer behavior detected.
- Domain registration: 2019-11-22; approximately 6.7 years old.
- Web archive: 74 snapshots spanning 2020–2026, with 7 years tracked.

Regulatory Verification Notes

The legal and service presentation is consistent with an established Brazilian corporate financial-services business and includes privacy documentation, terms, addresses, support channels, and a named legal entity. The supplied evidence does not establish a verified third-party regulatory authorization or a specific license number; this is a verification item rather than an indication of deception. The external broker-reputation dataset contained no match.

- The site identifies the legal owner as SOMAPAY SOCIEDADE DE CREDITO DIRETO S.A.
- Hosting infrastructure: AS266444, 3L CLOUD INTERNET SERVICES LTDA - EPP, Brazil.
- TLS certificate: ZeroSSL RSA Domain Secure Site CA, DV validation, valid through 2026-10-10.
- The homepage and legal pages provide privacy, terms, address, and customer-support content.

What to Verify Next

For regulated onboarding or material commercial engagement, confirm the entity's current authorization and operating status through the relevant Brazilian official registry, and independently confirm the organization's

published contact channels before executing contractual or settlement changes.

- The site's legal and terms content supplies the entity and service context for registry comparison.
- The business pages identify payroll, account, insurance, credit, and benefits services requiring scope-specific regulatory confirmation.
- The contact and proposal pages provide channels suitable for independent confirmation.

Summary Verdict

Somapay presents as a legitimate, established, and trustworthy corporate fintech website with a coherent business identity, sustained historical presence, clean external reputation, and no observed impersonation or phishing contradictions. Normal interaction, including account login and standard use, is appropriate.

Infrastructure Integrity

The available evidence confirms identifiable hosting and valid transport encryption. No separate CDN, WAF, or origin-protection posture is documented in the supplied infrastructure facts, so protective infrastructure is treated only as a mitigating consideration rather than proof of legitimacy.

Closing Assessment

Normal business use is appropriate, with routine institutional controls applied to licensing, contracting, and high-value transactions.

Written analysis generated 2026-08-02 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	UNVERIFIED
Identity score	30/100
Identity verification confidence	50%

- No on-site identity signals detected

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of somapay.com.br.

- The request stayed on somapay.com.br. It was not redirected to another domain. CLEAR
- DNS for this domain is served by com.br, across 2 name servers. NOTED
- The registration is paid up to 2028-11-22. CLEAR
- The earliest public archive of this site is from 2020-08-07. CLEAR
- It is hosted on AS266444, from a server in BR. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about somapay.com.br at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
