Full analysis

Overview

A German online retailer, sportdeal24 presents sports clothing, footwear, equipment, and licensed fan merchandise through a direct-to-consumer webshop, supported by product pricing, promotions, shipping, returns, customer service, and legal information.

Scam/Impersonation Risk

No contradictions were observed. The homepage presents a coherent retail model with identifiable products, prices, customer-service information, shipping terms, returns, and legal links; no phishing indicators, deceptive financial mechanisms, brand-impersonation signals, or suspicious contact-channel findings were identified.

- The homepage contains no login form, hidden sensitive form, wallet interaction, or external password submission.
- The homepage's behavioral assessment recorded no cloaking, clipboard activity, wallet-drainer behavior, or non-whitelisted external posts.
- Domain age recorded as 15.68788501026694 years; first archive observation was 2010-11-25.
- The site had 1,682 archive snapshots spanning 2010–2026 across 17 tracked years.

Regulatory Verification Notes

The site operates as a conventional sportswear retailer rather than a regulated financial service. Its homepage provides product categories, pricing, discount terms, free-shipping information, a 30-day returns policy, customer service, privacy information, an imprint, and general terms. No specific license or regulatory registration is claimed in the supplied evidence; this is a limited disclosure point for ordinary commercial verification, not evidence of misconduct. External reputation checks were clean, and no matching broker-reputation profile was identified.

- The homepage identifies the commercial model through sportswear, footwear, equipment, and fan-merchandise categories.
- The homepage states free shipping above €89 and a 30-day return period.
- The homepage links to Datenschutz, Impressum, and AGB pages.
- Hosted on AS13335 (CLOUDFLARENET - Cloudflare, Inc., US); TLS certificate issued by WE1 at DV validation level, valid to 2026-10-29T13:50:07+00:00.

What to Verify Next

For procurement or higher-value commercial engagement, the imprint and terms should be cross-checked against the applicable business registry and the transaction documentation retained. Customer-service and returns details should also be confirmed through the official site before any dispute-sensitive purchase.

- The homepage provides an Impressum link for identity and business disclosures.
- The homepage provides AGB and Datenschutz links for contractual and privacy terms.
- The homepage advertises customer service at 02196 / 9095800.

Summary Verdict

The website presents as a legitimate, established, and trustworthy ecommerce business with a consistent commercial identity and no observed scam or impersonation indicators. Normal interaction, including account login and standard use, is appropriate.

Infrastructure Integrity

Cloudflare CDN/WAF protection places the observed service behind Cloudflare edge infrastructure, with all four observed addresses associated with AS13335 and no origin candidate identified. This reduces direct origin exposure and is a mitigating infrastructure characteristic, while remaining supportive rather than conclusive evidence of legitimacy.

Closing Assessment

Standard browsing, account activity, and ordinary purchases are appropriate, subject to the usual retention of order, payment, and returns records.

About this assessment

A trust score summarises the evidence TrustSniffer could collect about sportdeal24.de at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
