Key findings

- Automated classification: Not Scam.
- Public web-archive history exists since 2008.
- No flags from the reputation services TrustSniffer consulted at assessment time.
- The operator behind the site could not be independently connected to a real-world brand or person.

Full analysis

Overview

STADTRADELN is an established public-interest cycling campaign operated by Klima-Bündnis Services, presenting a 21-day community cycling competition, participation tools, route tracking, infrastructure reporting, and campaign statistics for residents and municipalities.

Scam/Impersonation Risk

No phishing, impersonation, blacklist, malicious-content, or conflicting-identity indicators were observed. The homepage consistently presents a civic cycling campaign, with municipal participation, registration, app use, and cycling-policy features aligned to that stated purpose.

- The homepage identifies STADTRADELN as an international campaign by Klima-Bündnis Services and describes its 21-day cycling competition.
- Historical coverage records 170 snapshots across 18 tracked years, from 2008-12-02 to 2025-04-22.
- External reputation checks recorded zero malicious and zero suspicious detections, with no blacklist result.

Regulatory Verification Notes

The site provides organizational, participation, contact, and privacy information appropriate to a public-service campaign. No financial-service licensing claim is presented or required by the described business model; regulatory verification is therefore limited to confirming the responsible organization and any applicable municipal or data-protection disclosures. The absence of a third-party broker match is contextual support only, not a licensing determination.

- The homepage names Klima-Bündnis Services as the campaign operator and provides dedicated sections for municipalities, participation, privacy, and campaign information.
- The site is hosted on AS8426, operated by Claranet Limited, with German hosting location indicated.
- TLS uses a DV certificate issued by YR2, valid through 2026-09-18.

What to Verify Next

For institutional engagement, confirm the responsible organizational entity through the campaign's published legal and privacy pages, and confirm any municipality-specific participation arrangements through the relevant municipal contact.

- The homepage provides municipality search and registration pathways.
- The navigation exposes dedicated legal, privacy, contact, and campaign-organization information.

- The participation workflow is presented as registration with a participating municipality rather than a financial transaction.

Summary Verdict

The website presents a legitimate, established, and trustworthy public-service operation with a coherent identity, sustained historical presence, clean external reputation, and no observed contradiction signals. Normal interaction, including account login and standard use, is appropriate.

Infrastructure Integrity

The site resolves directly to a Claranet-hosted origin rather than a detected CDN or WAF edge. This provides identifiable hosting context and a valid encrypted transport layer, while the infrastructure itself should be treated as a supporting control rather than proof of legitimacy.

Closing Assessment

Standard participation and account use are appropriate, with ordinary review of the site's published privacy and organizational information before institutional integration.

Written analysis generated 2026-08-02 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	UNVERIFIED
Identity score	30/100
Identity verification confidence	50%

- No on-site identity signals detected

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of stadtradeln.de.

- The request stayed on stadtradeln.de. It was not redirected to another domain. CLEAR
- DNS for this domain is served by agenturserver.co, across 3 name servers. NOTED
- The earliest public archive of this site is from 2008-12-02. CLEAR
- It is hosted on CLARANET-AS, from a server in DE. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about stadtradeln.de at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
