- Public web-archive history exists since 2019.
- No flags from the reputation services TrustSniffer consulted at assessment time.

Full analysis

Overview

WBPAY.IN is an independent Bengali-language news and information portal covering West Bengal government employees, education, public schemes, jobs, salary and dearness-allowance updates, government orders, and practical calculators or related tools. Its apparent business model is advertising- and audience-supported informational publishing rather than financial-product sales.

Scam/Impersonation Risk

No contradictions were observed. The homepage presents a coherent informational purpose, with no phishing, impersonation, wallet, payment, or sensitive-login behavior identified. Its content covers government updates, employment, education, health schemes, and calculators without evidence of users depositing funds or being solicited for high-risk financial products.

- The homepage is classified as a news and information portal and contains substantive Bengali-language articles and topic categories.
- The homepage showed no login form, hidden sensitive form, external password form, or wallet-connection behavior.
- External reputation checks recorded zero malicious and zero suspicious detections, with no blacklist or phishing finding.
- The domain was registered on 2018-11-25 and is approximately 7.69 years old; archival coverage includes 103 snapshots across 8 tracked years, from 2019-01-01 to 2026-05-16.

Regulatory Verification Notes

The site operates as an informational publication and does not present itself as a regulated financial service. No license claim or license number is identified in the supplied site evidence; this is a limited disclosure point for any formal regulatory assessment, not evidence of deception. The published identity is consistent with an independent Bengali portal, and the available third-party reputational context contains no broker match.

- The homepage describes coverage of government rules, schemes, recruitment, salary, and public-sector updates rather than a licensed financial offering.
- Domain registration is through Hosting Concepts B.V. dba Openprovider, with an expiration date of 2029-11-25.
- The site is hosted on AS13335 through CLOUDFLARENET – Cloudflare, Inc., US.
- The TLS certificate is issued by WE1 at DV validation level and is valid through 2026-09-28.

What to Verify Next

For consequential employment, benefits, or government-policy decisions, published claims should be cross-checked against the relevant official government order or registry. Calculator outputs should be treated as

informational until their assumptions and source rules are independently confirmed. Standard publisher and contact details can also be confirmed through the site's own information pages before formal institutional reliance.

- The homepage explicitly presents government orders, salary updates, schemes, and calculators as core content.
- The homepage includes practical tools and explanatory articles whose accuracy may depend on changing government rules.
- The site's stated model is informational and advertising-supported, with no identified high-risk transaction flow.

Summary Verdict

The overall posture is that of a legitimate, established, and trustworthy informational website. The evidence supports normal interaction and standard use, with no observed indicators of phishing, impersonation, malicious activity, or financial manipulation.

Infrastructure Integrity

Cloudflare CDN and WAF protection front the site, with all observed addresses associated with Cloudflare edge infrastructure and no origin candidate identified. This reduces direct exposure of the underlying host and is a mitigating infrastructure characteristic, but it is not by itself proof of legitimacy.

Closing Assessment

Normal browsing and standard interaction are appropriate; consequential reliance should remain supported by the applicable primary government sources.

Written analysis generated 2026-08-02 by the TrustSniffer Analysis Engine from the evidence in this report.

What the analysis found

No rule findings contributed to this verdict.

Identity verification

Status	LIKELY
Identity score	80/100
Identity verification confidence	80%

- Trusted social count=4

Identity verification measures whether the site can be independently connected to a real-world brand or person. It is separate from the classification confidence.

What TrustSniffer observed

First-party facts recorded during the assessment of wbpay.in.

- The request stayed on wbpay.in. It was not redirected to another domain. CLEAR
- Registration is published under Hosting Concepts B.V. dba Openprovider. CLEAR
- DNS for this domain is served by cloudflare.com, across 2 name servers. NOTED

- The registration is paid up to 2029-11-25. CLEAR
- The earliest public archive of this site is from 2019-01-01. CLEAR
- It is hosted on CLOUDFLARENET, from a server in US. NOTED

About this assessment

A trust score summarises the evidence TrustSniffer could collect about wbpay.in at assessment time. It is a starting point for your own judgement, not a guarantee: a high score means the signals were consistent with a legitimately operated site, a low or critical score means several risk patterns were present.

TrustSniffer assesses a website from the evidence it can collect at a point in time: domain registration and age, hosting and certificate, the content the site served, and third-party reputation feeds. A score is a summary of that evidence, not a guarantee and not a legal finding. There is no human rating and no user review in it. A site can change after it is assessed.
